Ingenico Move/5000 Datasheet

Move/5000

The perfect business companion
to enable mobile businesses

- Enhanced customer engagement at the point of decision
- Sleek design for high-end environments
- Intuitive interface for best-in-class user experience
- Never disconnect via automatic network switching

ingenico   sola™

Designed for both indoor and outdoor use, the Move/5000 is the perfect business companion for hospitality, retail and small merchants, creating a seamless mobile shopping experience.

TETRA

● Fast introduction with Telium TETRA OS
The Telium TETRA OS integrates with existing payment methods to ensure a seamless introduction into a business' payment environment. Merchants also have greater control over the payment experience that they're offering customers by utilizing useful HTML5 applications.

● Alternative payment methods
From mobile wallets to traditional payments, Move/5000 has it all covered. The Move/5000 contains payment hardware such as NFC couponing, chip & PIN, swipe and sign, contactless and more to facilitate the processing of alternative payment methods – including those enabled by camera, like QR codes.

● Highest security
The Move/5000 is certified and fully compliant with the latest global and local PCI regulations. The Telium TETRA OS has been future-proofed with top-of-the-line cryptography software and Ingenico's world-class peer-to-peer encryption technology to keep data safe.

### ● Maximized network availability
Even on the go, those using the Move/5000 terminal will have strong connections to the internet. That's because this terminal utilizes a wide range of wireless connectivity options and automatic network switching between 4G/LTE, Dual SIM, Bluetooth and Wi-Fi – all fully optimized so that connection will always be viable.

● Optimal user-experience
The Move/5000 is dynamic by design and offers and intuitive user interface is powerful multimedia capabilities and a large 3.5-inch color touchscreen that helps create an optimized experience for customers. Its new and ultra-responsive rubber keypad improves PIN entry for customers.

● Compatible with Ingenico's suite of services
Keeping the solutions connected, the Move/5000 works with Ingenico's supporting service platforms, meaning merchants will have access to business services such as estate management. Software updates and day-to-day support deliver a hassle-free experience for those using this innovative payment device.

The Move/5000 is supported by our Cloud Services
